Course Overview

‘Sales professionals are able to avoid the losses associated with discounting and the failure to close profitable deals by improving the way that they negotiate with professional buyers.’

Investment in sales negotiation skills development is absolutely imperative for the successful sales executive. Not satisfied with average to good outcomes, The Negotiation Academy - Europe delivers a highly interactive workshop to change the sales gear from average to awesome.

When engaged in sales negotiations where your skill as a negotiator may prevent losses and increase the gains for you and your organisation, how can you significantly increase your capability to:

- prepare effectively;
- understand the needs & interest of all parties;
- conclude better agreements as a result of being creative; and
- strike deals that deliver more value?

The Negotiation Academy - Europe has developed an award winning methodology specifically designed to improve your negotiating performance. We call it ‘Negotiating to Win More!’ and it forms the backbone of all our consulting and training on negotiation.

The ‘Negotiating to Win More!’ methodology is based on a combination of sound academic theory and significant practical business negotiation experience to provide you with a due diligence framework that will ensure that you are able to:

- Move negotiations from claiming value to creating value;
- Avoid leaving value on the table;
- Turn challenging relationships into rewarding relationships;
- Counter negotiation tactics;
- Identify, pursue and successfully close opportunities;
- Deploy proven tools to manage sales performance and skills development;
- Learn the critical art of questioning to understand your prospect’s needs in detail;
- Deploy framing to enhance your communications; and
- Understand the impact of your personal sales negotiation style.

Our Approach
Prior to attending the workshop, all delegates complete online profiling tools to assist in determining each individual's sales negotiation competencies and preferences. This is a critical component that allows us to present each delegate with a Personal Development Plan upon completion of the workshop. The three day sales negotiation workshop is structured in such a way as to provide delegates with every possible opportunity to implement the different negotiation skills, behaviours and principles learned during training. Learning is supported by the use of a variety of negotiation simulations and case studies to ensure delegates gain experience in each sales negotiation principle and build confidence in using the supporting toolsets.

Numbers are restricted to approximately 10 delegates to ensure a highly personalised learning environment. The Trainer is at the group's disposal before, during and after training to address individual objectives and/or concerns wherever relevant.
